absolutely everything down...to include, food restaurants, hotels, roads, etc.

Protection: sunglasses (eye pro) use discretion but keep it legal, move in groups where collectively you have 360 degree visibility in case false flag attacks occur to instigate conflict (funded/instigated by foreign actors)

Movement: plan vehicle route and parking location, worst case park in Virginia (Roslyn, Arlington National Cemetery) and walk to DC Ellipse if all roads in DC blocked

Communicate: Cell phone w extra batteries, walkie talkies, Portable CB radio, Satellite Phone, body cam with extra batteries

Medical: bring Med bag with tourniquet, gauze, bandaids, empty bottle in case no port a John access or hospital access due to closure

hours), be prepared to be thrown out of your hotels and have an alternate site planned, just in case.

Keep it peaceful

4 Fren, no matter what happens. As soon as BLM, Antifa, or any Pissed off MET Cop starts something. It will automatically be "Our" sides fault. Time to embrace the narrative and make the Swamp fear US. Fight back or submit to this coup. Be peaceful until acted upon yes, but when it goes sideways go ape.

3 Zip ties, for wrists, pocket knife wire cutters for shoulder mic's, taser to calm 'em down. Put 'em in the back of their cruiser throw away the keys. Don't hurt 'em if you can avoid it.
